Pam,

[REDACTED]

We do currently send a report of all stores who reached 75% of their accrual. It's titled "WAL\_SOM\_75P\_[date]" and is attached to the daily email sent to Walgreens. This has all stores who are within 75% to 100% of their accrual. We can modify the report as requested by Walgreens.

Thanks, Nick

Nick,

Could you give me a brief description on how we account for the number of business days in a month or does it matter? Can we send Walgreens a report showing stores that have reached 75% of their monthly accrual?

Thanks,  
Pam

Hey Pam,

Did Cardinal took into account that January has 5 order weeks in the stores monthly accrual?

Is this a new reporting process Cardinal will be implementing going forward? Will you be sending me every store that hits the monthly accrual or is there anyway Walgreens could receive a report from Cardinal to identify when stores are at 75% of their monthly accrual to help us prevent an SOM from occurring?

Be Well,  
Steve

Hi Pam,

[REDACTED]

After review of available information, I have determined that a threshold adjustment is not warranted, and the customer's threshold will remain at [REDACTED]

If something has changed within the customer's business model, please let me know and I will review all additional information to determine whether a threshold increase is warranted. Please be aware that supplying additional information does not automatically warrant an increase in threshold.

Best,
